

Summer School Information 2026

Purpose:

Summer School is an academic intervention that allows students to grow their understanding of subject specific course material. Summer School is designed for two groups of students:

- 1.) Students who were not successful during the school year and must repeat a course the following school year. Students spend the equivalent of 6 weeks of class time during the month of July. This gives students who struggled with the time to better understand the course material and be ready for the next grade level.
- 2.) Students who passed a course but want to upgrade their current mark. Post-Secondary institutions often have minimum grade averages, or a minimum mark may be required on a specific course. Often students will repeat a course that they have already passed in the hopes of getting a higher mark. **The summer school mark appears on a student's transcript and is used to determine admission and any potential scholarships.**

Registration Requirements:

Registration is done on the ASD -E website:

<https://sites.google.com/view/aesdsummerschool/registration> Registration will be open from June 8th, 2025 until June 26th, 2026. Class schedules will be available on June 28th, 2026 after 5pm on the "Class Schedules" page on the website. Students wishing to register after June 26th, 2026, are not guaranteed a seat in Summer School.

Please contact gary.wilson@nbed.nb.ca to check availability.

Fees:

\$140 for 1 course

\$260 for 2 courses

Please place the student's name in the comment box.

NOTE: If you are unable to send Interac e -Transfers, please contact (506) 862-9820 to make alternative arrangements.

Students can only register for a course that they have already taken during the school year.

A minimum grade of 40% is required to re-take a summer school course. Students with a mark under 40% can attend with the permission of the administrative team at their high school. Permissions can be e -mailed to gary.wilson@nbed.nb.ca.
